Mapleshade x Reader

You raced through the dense forest to visit your best friend Reena at her barn. She was a pretty calico with pale blue eyes and a fluffy pelt. Your paws raced faster when you reached the moor, since there was no debris on the ground. As the barn came into view you slowed your pace to a trot. You could hear meows from inside the barn. Does Reena have a friend over? you thought

"Reena!" you called into the barn

"Oh! (Y/N) I didn't expect you to be here" she mewed back

As your eyes adjusted to the lighting inside the barn, you started to make out a fluffy shape next to Reena. It had a long white tail, a mainly orangish red pelt that was criss crossed with scars and it had black accents. From the smell of it, you concluded that it was a she-cat

"Who's that?" you asked Reena in confuson

"This is Mapleshade. She's from those forest cats" replied Reena as she applied cobwebs to a cut on Mapleshade

She sure is pretty... you thought

"What are you staring at" hissed Maplshade when she got to her paws

"Oh! I.. uh.. I wasn't.. I mean I'm... S-Sorry" you stuttered

"No need to blush either" mumbled Mapleshade

"I'm not...!" you trailed off when you realized that you were indeed blushing

"What's your name?" asked Maplshade

"(Y-Y/N)" you stuttered

~Le time skip to night time~

You had decided to spend the night at Reena's place that night with Maplshade. She really is a beautiful she-cat, you thought. Currently you were staring at Maplshade a she slept. Yeah, maybe you were acting like Yuno but who cared? Suddenly Maplshade flicked her ear and turned to face you

"(Y/N)? What are you doing?" she asked, still half asleep

"N-Nothing!" you quickly yelped while blushing

Much to your surprise, Mapleshade purred and moved closer to you. Her fur touched your's and you shivered

"P-Personal space Mapleshade" you whispered

Maplshade just buried her face deeper in your (F/C) fur. Your fur started to feel wet and you saw that Mapleshade was crying. Not wanting to be awkward, you licked Mapleshade's ears softly. Her body went stiff in surprise and you pulled away

"S-Sorry about that"

"Sorry about what?" asked Mapleshade when she got close to you again, "I liked it"

Since she liked it, you carried on licking her ears and neck. She purred and licked your back fur

"(Y/N)?" she asked, "My kits died you know..."

Mapleshade told you the story about her past and how her mate betrayed her. She ended off crying into your fur again as she soaked it

"I would kill Apple-whatsit for you, you know" you murmured

"Then let's do it one day" she said

You then slept next to your new mate and drifted off to sleep. The last thing you felt last night was Mapleshades gentle licks on your neck fur

Thistleclaw x Yandere!Reader

(Now one for you she-cats like me!

He was just so perfect, you thought. His yellow eyes seemed to stare into your soul and his long, spiky fur was so soft. Even when you were in the nursery you had loved him. His fighting spirit was amazing yet his voice and attitude was caring and kind. There was only one problem though, he had a kit and mate. Snowfur had stolen him from you and gave birth to that ugly kit, Whitekit

"(Y/N)!" yelled Tawnyspots, the clan deputy

"What?" you hissed out of surprise

"Hurry up and get on your patrol. It's waiting at the camp entrance" hissed Tawnyspots

You nodded in embarrassment since you had hissed at the second most important cat in ThunderClan. You raced to the clan entrance and saw your patrol. It consisted of Bluefur, Adderfang, and Thistleclaw. Your heart melted when you saw your one true love. As you padded up to the patrol, Bluefur flicked her tail on your shoulder. She was your best friend, even if she was Snowbitches sister

"Sorry I'm late..." you mumbled

"Just come on" growled Adderfang

You fell in pace with Bluefur and behind Thistleclaw. You could get a good view of his bu... I mean muscles. hey were powerful and large (This is what happens when I got no idea what to write)

~~~

Snowfur just got hit by a monster on the Thunderpath. Thistleclaw was in panic and Whitekit was mourning her dead body. You
~~~

padded over to Thistleclaw to comfort him

"It's okay Thistleclaw" you murmured into his ear, "It will all work out"

"How would you know (Y/N)?!" he roared with tears in his eyes, "I'll never see her again" he added as his voice trailed off

~~~

"Come here Whitepaw" you said to your new apprentice, "Let's go train"

"Okay (Y/N)!" mewed Whitepaw

You were leading your apprentice out for "training" A grin spread on your face as you thought about how you were going to kill him. Thistleclaw still refused to notice you so you were going to make him. You lead your least favorite cat in the clan to the sandy training area. Whitepaw got into an attack crouch as you lept at him. You unsheathed your thorn sharp claws and claws open Whitepaws throat. He gasped and fell dead

"Now Thistleclaw-kun will HAVE to notice me" you laughed insanely

You dragged Whitepaws dead body to the camp and put on a good fear act. Bluestar was the first to notice you and she wailed Whitepaws name. Thistleclaw came dashing out of the warriors den and tried to lick his son back to life

"A RiverClan patrol got him" you said with fake fear and sadness

The Clan gathered to mourn Whitepaw while you stayed back. The next day you walked up to Thistleclaw-senpai and asked him to walk in the forest with you

"I miss Whitepaw too you know" you said softly to Thistleclaw

"First my mate now my son..." whispered Thistleclaw

Now's my chance your mind screamed. You lept on Thistleclaw and
~~~

claws pawfuls of his fur out. He hissed in pain and shock. You claws his face and clawed his throat out just like how you killed Whitepaw

"(Y-Y/N)!" he said in pain and anger

"Now we can be together forever my love" you whispered when you claws open your own throat

You bled to death next to your senpai. Before you died, you crawled on top of his and licked his ears softly

(... Yeah, I went there

Stonefur x Reader

Stonefur was a lovely young warrior of RiverClan. His fur was thick and shiny and his eyes sparkled brightly. He was always with his sister, Mistyfoot. You liked to stay near him since he was a great friend. He always lifted your spirits and made you smile. You needed this a lot since many RiverClan cats judged you. You used to be a rogue that attacked ThunderClan. RiverClan had helped then Stonefur visited you. He invited you to RiverClan and now you live here with the river

The recently made TigerClan, a Clan founded by Tigerstar himself, bothered you though. You would have never thought Leopardstar would join that traitor. Okay. You can't call him that considering how you had followed him once, but still. You hated him now for everything he was and did. A loud yowl hit your ears as you talked to Stonefur

"All cats old enough to catch their own prey, join beneath the bone pile for a Clan meeting!" the voice was Tigerstars

You, Mistyfoot, Featherpaw, Stormpaw and Stonefur exited the cage together. That's right. A cage. When TigerClan formed, TigerStar demanded that half clan cats were treated as poorly as rogues. That also meant you, sadly. Mistyfoot and the apprentices left the den with their tails drooping. You were about to too when you felt a fluffy tail brush your shoulder

"(Y/N)?" asked Stonefur

"Yes Stonefur?" you asked in a slightly concerned voice

Stonefur was acting strange. His face was blushed up, he was fumbling with his paws, and his tail shook slowly. *Was he mad at you?*

"Is it weird if I like a she-cat... wh-who I have known my whole l-

life and was my b-best friend?" he stuttered, "H-Her name is... i-it's (Y-Y/N-N)"

"Stonefur? Do you really feel that way?" you demanded, hiding the joy from your voice

"Do you feel the same?"

"Yes" you murmured as you licked his neck fur

You two exited the cage together and sat near Mistyfoot. Tigerstar cleared his throat

~One speech about killing Stonefur later~

"Come on Darkstripe! Your fighting like a kitty-pet!" growled Blackfoot

Darkstripe was trying to kill YOUR Stonefur! Rage built in your body but you were powerless to do anything. Blackfoot joined the fight and now Stonefur and he was dying! Not caring anymore, you ran in front of Stonefur to protect him from the death blow. Thorn sharp claws met your throat and ripped off the flesh

Stonefur gasped and ran to your side. He dug his nose into your fur and cried. You slowly lifted you head and told him everything would be alright. Tigerstar let Stonefur live and sent him back to the cage

~A long time skip~

Stonefur woke up in StarClan. He had died from Green cough that swept through RiverClan. He had beem Mistystars deputy. Stonefur looked around and saw her. (Y/N)

"(Y/N)!!" he yelled to you

"Welcome to StarClan my love" you whispered

(Requests open!!!

Graystripe x Reader

Graystripe was your best friend in all of ThunderClan. You knew he liked Fireheart more as a friend but you didn't care. Fireheart was also one of your best friends in the Clan. Of course you knew about Graystripes secret affair for the beautiful RiverClan she-cat, Silverstream. Fireheart didn't know yet but you promised to not tell him.

Graystripe came out of the Warriors den and arched his back in a stretch. You tapped the dark gray toms shoulder with your (F/C) tail and he turned to you and smiled

"Hey (Y/N)!" he meowed, "Want to come with me today?"

"To see her?" you asked

"Yeah" he replied

"Sure!"

You and Graystripe walked out of the camp and breathed in the scents of the forest. Soon enogh, you could smell the wetness of the river. Graystripe bounded across the border while you stepped more cautiously. Graystripe waited outside the RiverClan camp till Silverstream came out

"Hey Silverstream!" purred Graystripe

"Graystripe! You brought (Y/N)" responded Silverstream

~Le time skip~

"Silverstream... S-Silverstream?" mewed Graystripe

Silverstream lay dead in a pool of blood next to her new born kits. Graystripe, Fireheart, Cinderpaw, Tigerclaw, and you were standing

over her. You leaned against Graystripe as he mourned Silverstream.

"Quit that crying: hissed Tigerclaw

You and Grystripe ignored him and layed down. You licked your friends ears as he cried over his mates body. Graystripe looked at you and said slowly:

"Will you be the mother of these kits?"

The question surprised you at first but you slowly nodded

"Featherkit and Stormkit..." meowed Graystripe, "Say hello to your father and m-mother"

(A different kind of fan fiction but I really like this one :3 Sorry it's short

Feathertail x Reader

You watched over the silvery she-cat from StarClan for moons now. Her glossy fur, her bright blue eyes, the sparkel within them. These things made your dead heart melt. You were obviously older than her but you didn't care. The one bad thing is that she loved Crowpaw. Just the thought of that name made you hiss. Crowpaw was stealing YOUR Feathertail.

Of course you would never kill a cat, you weren't from the Dark Forest. StarClan cat;s would never kill. You shook out your starry, (F/C) pelt and walked along the StarClan hunting grounds. You stopped at the pool that let you see the Clans. Focusing your mind, you saw Feathertail in the water. It looked like she was on a ledge with Crowpaw

Feathertail was mouthing something to Crowpaw and your (E/C) eyes darted around. There were many cats, mostly brown ones, circling one huge cat. It looked a lion! The cats were hissing at it and running away. The big cat had its gaze set on Crowpaw and Feathertail! The big cat's claws were barley a mouse tail from Crowpaws whiskers too!

You saw Feathertail mutter something to Crowpaw and he gasped. Feathertail smiled at the dark gray apprentice then jumped off the ledge. You gasped as flew across the cave and clawed at a rock spike. It fell with her weight and killed the lion cat. Feathertail lay dead on the ground. You saw her spirit leave her body, a power StarClan cats have, and enter StarClan

"H-Hey" you said to her spirit

"Am I in StarClan?" she asked you with a fearful voice

"Yes Feathertail" you said, putting your tail on her shoulder "I'm your guide. My name is (Y/N) of (Your Clan)"

You showed her around StarClan and Feathertail saw her mother,

Silverstream. She stopped for a word with her then kept following you. At the end of the tour she turned to you

"(Y/N)?" she asked, "Can cats have mates in StarClan?"

"Yes they can Feathertail. And Crowpaw won't die for many many seasons" you replied

"Then... can you be my mate?" she asked

"Yes Feathertail" you purred

Insane!Brokenstar x Reader

(Wow I actually forgot about this XD Want me to do lemons??

You were an elegant and loved she-cat of ShadowClan. Your (F/C) seemed to sparkle and and your eyes glowed like the moon stone. All the toms in ShadowClan seemed to love you but you had one cat in mind. Blackfoot. The powerful white tom enraptured you and made your heart skip a beat. Unfortunately, him and Brokenstar were the only two toms that didn't love you. You sighed and grabbed a rather skinny (PREY FOOD) from the fresh-kill pile. It was poorly stocked, only having the (PREY FOOD) you had grabbed, two frogs and a mouse. Figures, since it was Leaf Fall and the sun had just risen.

You quickly gulped down your meal and stretched. A few toms tried to stare at you as you did this but you shooed them away with a furious hiss of annoyance. Almost every morning those damn toms had that look in their eyes. The look of lust. You snarled at them as you exited the camp to get some fresh air. You winced in pain from the long scar on your throat and back. It still hadn't healed from the battle against WindClan. You spat on the ground and trotted to the burnt sycamore. A bit of tabby fur showed from within its branches, causing you to hiss in defensive anger. The cat jumped down from its branch and stared at you. It was Brokenstar. The bent tail made it obvious

"Greeting (Y/N)" growled Brokenstar, "Hunting?"

"Brokenstar" you said without flinching under his dark amber stare

"Follow me" he hissed, giving you no choice but to follow

You sprinted after him and tried to keep up. He was running significantly faster than you, due to the fact that you were a a small cat and he was big and bulky. At one point, he stopped beside a bramble thicket. It looked like a... a cage. Brokenstar entered it and

shoved out your brother!!

"Beetleclaw!!" you cried

"(Y/N), you should know that I love you by now. Love me back or I'll kill your brother, father, AND mother!!!" Brokenstar laughed

Your mother, Lilyfire and father, Foxclaw, got shoved out of the den as Brokenstar said their names. You gasped and tried to reach for them. Brokenstar clawed a large nick in your ear, making you hiss in pain. He clawed over your old wounds and shoved you to the ground.

"To slow (Y/N)" he hissed into your ea

"B-Broken...S-Star..." you hissed

The dark tabby tom licked your blood off his claws and killed your family. He made you watch in horror as he made your brother kill your mother

"Stop!!" you cried out

"I love you (Y/N) Tell any one of this though, and you'll regret it, my love" hissed Brokenstar

Ever since that day Brokenstar had made you his slave of love. You acted like you were mates, but on the inside... you were scared. Scared of this huge, muscular, power hungry tom that loved you. Over time you got over it though. You even developed love for him, until he died
